

A Resolution to Amend the BYLAWS REPUBLICAN PARTY OF BEXAR COUNTY as Adopted September 14, 2020

WHEREAS Article II, Section 1 - Objectives does not address the importance of beliefs and issues promoted as key parts of political principles; and

WHEREAS the United States Constitution, Amendments, and Bill of Rights express the beliefs and issues as guiding principles in the founding of our Nation; and

WHEREAS beliefs and issues are a key element in voter decisions; and

WHEREAS it is important to support all candidates who support Republican Party principles, and

WHEREAS educating voters regarding the Republican Party principles supports all Republicans and candidates equally, and

WHEREAS candidates are in constant need of support from the Republican Party of Bexar County and funds are a scarce commodity, and

WHEREAS the use of scarce funds used educating voters on the Conservative Constitutional Issues supported by the Republican Party of Bexar County supports all candidates concurrently, and

Whereas the support of one candidate with the limited funds is less effective in reaching voters than promoting issues that all candidates can support.

THEREFOR BE IT RESOLVED that the Bylaws of the Republican Party of Bexar County **Article II, Section 1 - Objectives** be amended to insert the underlined language as follows:

Section 1 – Objectives

A. Promote and support the election of Republican candidates; and

B. Cooperate with the Republican Party of Texas in carrying out programs that support Republican candidates and policies;

C. Promote Conservative Constitutional views on issues in line with the Republican Party of Texas Platform and Planks to educate Bexar County voters on what the Republican Party of Bexar represents regarding beliefs and issues.
