

Resolution concerning Precinct Conventions introduced by Barbara Miller (2126)

Whereas holding precinct conventions the night of primary elections prevents precinct chairmen working elections and,

Whereas the Bexar County elections department begs for republican judges to no avail every election and,

Whereas we would be more likely to have our constituents attend our conventions if they were held at a more convenient time,

Therefore, be it resolved that the Bexar County Republican Party hold our precinct convention on the Saturday after primary elections going forward.
